

# Advances in AL Amyloidosis: Biomarkers, Complications & Emerging Therapies

Friday, October 30, 2026

8:25 am to 1:00 pm EST

4.0 ACCME Credits

## VIRTUAL PROGRAM

8:25 Welcome & Opening Remarks

*Course Directors:* Rajshekhar Chakraborty MD; Jai Radhakrishnan MD, MS

8:30 AL Amyloidosis in 2026: Current Concepts in Diagnosis & Initial Therapy

Suzanne Lentzsch MD, PhD, *Professor of Medicine, Hematology/Oncology*

### MINI SYMPOSIUM: ORGAN TRANSPLANTATION IN AL AMYLOIDOSIS PATIENTS

8:55 Kidney Transplantation

R. John Crew MD, *Associate Professor, Nephrology*

9:25 Heart Transplantation

Farhana Latif MD, *Assistant Professor of Medicine, Cardiology*

9:55 Transplant and Cell Therapy in AL Amyloidosis

Markus Y. Mapara MD, PhD, *Professor of Medicine, Hematology/Oncology*

10:20 Beyond First-Line: Treatment of Refractory AL Amyloidosis

Rajshekhar Chakraborty MD, *Assistant Professor of Medicine, Hematology/Oncology*

10:45 Q&A

11:00 Updates on Anti-Fibril Therapies in AL Amyloidosis

Michael Hughes MD, *Assistant Professor of Medicine, Medical Oncology*

11:30 Origins & Evolution of Chimeric Antigen Receptors

Michel Sadelain MD, PhD, *Herbert & Florence Irving Professor of Medicine*

12:00 Q&A

12:30 Non-CME Industry Theatre: CARDIO-TTRansform

Eplontersen in Transthyretin-Mediated Amyloidosis With Cardiomyopathy (ATTR-CM)

Margaret O. Cuomo NP, *Medical Science Liaison*

1:00 Adjourn
